PROFESSIONAL SUMMARY

Flutter Developer with internship experience building responsive mobile applications using Flutter and Dart. Built a Flutter bakery shopping app with Firebase Authentication and Cloud Firestore, and contributed to API integration, bug fixing, and performance improvements as an intern at Digi Coders Technologies. Diploma in Computer Science and Engineering (2023-2026).

TECHNICAL SKILLS

Mobile Development: Flutter, Dart, Responsive UI, Reusable UI Components

Backend and Databases: Firebase Authentication, Cloud Firestore, MySQL (learning)

Programming Languages: Dart, Python, Java (basic), JavaScript

Web Technologies: HTML, CSS, JavaScript

Core Skills: API Integration, Debugging, Team Collaboration

PROFESSIONAL EXPERIENCE

Flutter Developer Intern | Digi Coders Technologies |

- Developed responsive mobile applications using Flutter and Dart with reusable UI components.
- Integrated APIs in collaboration with the development team.
- Debugged and fixed application issues to improve app performance.

PROJECTS

Bakery Shopping App | [Link](#)

- Built a Flutter shopping app where users browse products and categories, add items to a cart, manage quantities, and place orders.
- Implemented secure user registration and login with Firebase Authentication.
- Used Cloud Firestore to manage products, user profiles, cart data, and orders.
- Developed a product review system and an admin panel for product and category management.

BMI Calculator App | Flutter, Dart

- Built a responsive Flutter app that calculates BMI from user input, validates entries, and displays results with health categories.

Personal Portfolio Website | HTML, CSS, JavaScript [Link](#)

- Built a responsive portfolio website showcasing my profile and projects, with smooth navigation and a downloadable resume.
- Deployed the site on a free hosting platform.
